September 30, 2020

To the President and Members  
of the Board of Education of the  
Warwick Valley Central School District  
225 West Street Extension  
Warwick, New York 10990

We have audited the financial statements of the governmental activities, each major fund, and the fiduciary fund of Warwick Valley Central School District for the year ended June 30, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 21, 2020. Professional standards also require that we communicate to you the following information related to our audit.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Warwick Valley Central School District are described in Note 1 to the financial statements. GASB has issued Statement 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing the effective dates of certain provisions in GASB Statements and Implementation Guides. As such, no new accounting policies were adopted. We noted no transactions entered into by Warwick Valley Central School District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates affecting the Warwick Valley Central School District's financial statements were:

Management's estimate of Other Postemployment Benefits based on actuarial assumptions and relevant census data provided to an independent actuarial firm hired by the District. We evaluated the key factors, assumptions and the census data used to develop the estimate in determining that they are reasonable in relation to the financial statements taken as a whole.

Depreciation of fixed assets is based on estimated useful lives of the assets. We evaluated the key factors and assumptions used to develop the depreciation of fixed assets in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the annual pension costs and its proportionate share of related net pension assets, deferred outflows, net pension liabilities and deferred inflows which are based on information provided by New York State Employees' Retirement System (ERS) and the New York State Teachers' Retirement System (TRS) and other relevant data provided to independent actuarial firms hired by the retirement systems. We evaluated the key factors and assumptions used by the retirement systems to develop the annual pension costs and the District's proportionate share of related net pension assets, deferred outflows, net pension liabilities and deferred inflows in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected some of such misstatements. In addition, none of the misstatements detected as a result of audit procedures were material, either individually or in the aggregate, to the financial statements taken as a whole.

*Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated September 30, 2020.
